PRESS RELEASE

MACKIE RESEARCH CAPITAL CORPORATION

RETAINED AS “MARKET MAINTENANCE SERVICE PROVIDER.”

October 18, 2016 - Vancouver, BC - Dajin Resources Corp. (“Dajin”) (TSX-V: DJI) (OTC: DJIFF) (Germany: A1XF20) is pleased to announce that it has retained Mackie Research Capital Corporation (“Mackie”) to provide market maintenance services for Dajin in compliance with regulatory guidelines. Mackie will trade shares of Dajin on the TSX Venture Exchange for the purposes of maintaining a reasonable market and improving the liquidity of Dajin’s shares.

For the services to be provided by Mackie, Dajin agrees to pay \$3,000 per month. The agreement may be terminated at any time by Dajin or Mackie. There are no performance factors contained in the agreement and Mackie will not receive any shares or options from Dajin as compensation for the services it will render. Dajin and Mackie are unrelated and unaffiliated entities, but Mackie may provide investment banking services to Dajin and Mackie and/or its clients may have an interest, directly or indirectly, in the securities of Dajin.

Mackie is one of Canada’s largest independent full service investment firms, and proudly traces its roots back to 1921. Mackie is privately owned by many of its 300 employees. As a fully integrated National investment dealer, Mackie offers a full complement of capital markets and wealth management services to private clients, institutions and growth companies. For further information, please contact Adam Smith at: 416-860-7654.

About Dajin: (www.dajin.ca)

Dajin is an energy metals exploration company holding a 100% interest in 294 placer claims known to contain Lithium and Boron values in the Teels Marsh region of Mineral County, Nevada. These claims, which cover 5,853 acres (2,369 hectares), are adjacent to the birth place of US Borax Corp’s first borax mine. Dajin also holds 191 placer claims covering 3,851 acres (1,558 hectares) in the Alkali Lake region of Esmeralda County, Nevada. Dajin has entered into an option agreement with Nevada Energy Metals Inc. to explore these claims located 7 miles (12 kilometers) northeast of Rockwood’s Clayton Valley Lithium operation.

In Argentina, Dajin holds a 100% interest in concessions or concession applications in Jujuy Province, that were acquired in regions known to contain brines with Potassium, Lithium and Boron values. These concessions total approximately 93,000 hectares (230,000 acres) and are located in the Salinas Grandes/Guayatayoc salt lakes basin adjacent to concessions held by Orocobre Limited. Dajin has signed a binding Memorandum of Understanding with Lithium S Corporation (“Lithium S”) whereby Lithium S has been granted an option to earn a 51% interest in Dajin’s lithium properties in Argentina by making a payment of CDN \$1.0M and expending a total of CDN\$2.0M on the properties. <http://www.newswire.ca/en/releases/archive/July2016/21/c5536.html>
